46 Mr Phelps.

Dear Sir.

S.
Mr Fitch with us to day & was awake to the Sabbath interest from Deut 6. 7. in the forenoon; afternoon from 2 Kr. 7. 2, last clause. an embellish, which seemed like a hammer to break & a fire to melt the hearts of stone, It may be hopes the state of Religious feeling is a little on the rise but hardly perceivable, on this I have Brother Moore's opinion who sends his respects to you. It is expected you will supply the Desk in our Parish till your ordination & shall govern ourselves accordingly. As to the advice we you wish me to give concerning your boarding I know not wh to say. It may be politic for you to exchange yr boarding place & I think it can be done without giving offence to Mrs G. — Dr B. has always refused to take boarders when app— was made. Mr W. is still a boarder

It is my opinion Mrs V. will accommodate you if apply? to. & on as reasonable terms as any one. as to to reasons of state I think would accomplish yr end as effectually there as any other place. & if you wish I will speak to Mrs V. about it. I think we may employ 2 S. T. for Amherst. the Bell rings for 5 O. C. meeting Mr F. is waiting. in haste Yours
